Subject: 11 Sept 2017 -- ASPECT update 1 0800
Date: Monday, September 11, 2017 7:56:06 AM

ASPECT was wheels up at 0730 from Addison with plans to collect RMP targets over the greater Houston area. 65 RMP locations will be surveyed.

Flights 24, 25, and 26 are being processed and will be uploaded to the FTP later today. The n-link is current through Flight 23 and will be updated after flights 24-26 are uploaded.
